

Aspire Job Description

Job Title:	Trainee Opportunities	HR Ref No. Trainee
Entity:	Aspire Defence Capital Works Limited (ADCW)	
Location:	Various	

Offering early exposure and all-round experience within a multi award-winning business, our Career Development Scheme will give you the breadth of knowledge and experience you need to grow your future career.

The aim of the ADCW Career Development Scheme is to give you a successful career. We will work with you to develop the skills, qualifications and experience you need to succeed. You will join our team either on Salisbury Plain or in Aldershot and from the first day you will be key part of our future achievements.

Opportunities are available for those with A-Levels or Degrees in the following disciplines:

- **Construction Supervisors**
- **Quantity Surveyors**
- **CAD Design**
- **Project Controls (Planners, Risk Managers etc.)**
- **Procurement**

You will have an opportunity to complete a Bachelor's degree in Construction Management or Quantity Surveying while earning a salary and gaining real on-the-job experience. During the role you will attend University on a day release basis. You will work on site or in one of our offices, under the guidance of a more senior colleague where you will demonstrate the skills learned at University and improve them in real work situations.

You will be employed by either KBR or Carillion and you'll also join their respective training schemes. This gives you access to their considerable training and professional development resources, and more importantly it will offer you future opportunities to work on different projects and develop your career on a truly global scale.

Please apply stating which discipline you would be interested in.
